California. Geraniums in Los Angeles grow five feet high, Rose bushes are eight and ten feet in

The millionaires' homes in Pasa-dena are certainly beautiful. The most interesting thing to my mind, however, was the Ostrich farm out from Pasadena. I have always been interested in ostrich feathers. One of the most interesting episodes of my young ladyhood was the period during which willow plumes were stylish. There is something very fascinating about a beautiful feather waying from the top of your hat or laying coyly and snugly along the crown The namesakes of some very prominent persons were found in the pen. We were delighted to meet the Mr. and Mrs. Taft. Had the pleasure of staring at Mr. Wilson. Were enthus- Baptist Church in his famous lecture, ed over the prospect of seeing Mr. Roosevelt at such close range though that his address Sunday could not be strong enough to make his living he we were disappointed to see that he had no "big stick." We thought he delivered his famous lecture to a work and the very severe weather Jack Johnson to have been in Spain second crowded house it was at once but the keeper informed us that ne recognized that a master mind and have sapped his vitality.

Was right there. We viewed him genius was handling this all-important there. Slatter has many time the same of the from a respectful distance, as an ostant subject of Sunday school build-trich with pugilistic tendencies ing and that the people of New York should always be kept at arm's length were being given first hand informa- Chattanooga Times. mating and consequently they spend schools and teaching young Negroes to lay.
